01 PROFILE

I'm a results-driven Senior Estimator and Quantity Surveyor in Chennai, with 7+ years in quantity take-off, BOM and BOQ preparation, rate analysis and cost control for commercial and residential interior fit-out, joinery, civil finishing and MEP packages.

I work across the full cost lifecycle: pre-tender and tender estimation, bid preparation, comparative statements, value engineering, variation and change-order costing, and RA and final bill certification.

I studied civil engineering, and it shows in how I work. Quantities are measured to IS 1200 and rates are built from CPWD DSR/SOR and current market rates, so anyone can check the number and get the same answer.
